WHAT THE KIDNEYS DO

Their Unceasing Work Keeps us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine etc. But if you keep the filters right you will have no trouble with your kidneys.

Mrs. Nellie May, of 308 Pennsylvania ave., Joplin, Mo., says: "I know from my own experience that Doan's Kidney Pills are a reliable kidney remedy. I was bothered for six or eight weeks with a constant dull heavy aching in the small of my back. I was tired all the time, lacked ambition and in the morning always felt worse. Having reason to believe these symptoms were caused from the kidneys I got a box of Doan's Kidney Pills. They proved to be the very remedy I required, and under the treatment the backache, languor and other symptoms disappeared."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agent for the United States.

BURLINGTON CUT-OFF.

This Road May Be Leased to the Alton at Once.

The Keokuk Iowa daily paper says: Railroad men of Hannibal says that the Burlington system will lease its line from Mexico, Mo., to St. Louis, to the Chicago & Alton, and that the article will be signed in a few days. The Burlington has at this time six train crews at Mexico, and if the lease is made they will be brought to Hannibal and will run out of there. The Chicago and Alton has been wanting the line for sometime, and as the Burlington is sending little business by that route it has decided to lease it to the other road. The change will cause all of the train men to go to Hannibal, and make it their home. The Burlington and C. & A. roads jointly built this cut-off from Old Monroe to Mexico about two years ago.—Mexico Ledger.
